A non-profit consumer-based grassroots organization dedicated to promoting the Midwives Model of Care and supporting the practice of midwifery in Florida. Our members are families, students and birth advocates committed to organizing the community to assure the continued availability of midwifery care in the State of Florida.

## Membership

We need your help! Efforts great and small are needed to help this organization grow and to spread the word about midwifery care in Florida. FFOM welcomes as members all individuals, families, businesses, and organizations who want to support and promote midwife-attended births in Florida. Membership fees support the ongoing work of FFOM in its educational and informational efforts .

## Goals of FFOM

- To support a woman's right to make educated choices about her care provider and place of birth.
- To raise public awareness of the benefits, advantages and safety of midwifery care.
- To promote professional relationships which facilitate complete and seamless access to care in the childbearing year between all members of the maternity care team
- To preserve the continued availability of all forms of midwifery care throughout the state, and
- To advocate for legislation which increases, improves and supports access to midwifery care for all Florida families.
